ADVANTAGES

- **SAFETY FIRST:** When everything goes so fast, braking power is crucial. The additional set of brakes will make you stay in control and stop whenever you have to.
- **DON'T WORRY, RIDE HAPPY:** Experience the outstanding driveability thanks to the adjustable air ride suspension. Haul heavier vehicles and cross the scale with a big smile across your face.
- **DON'T MISS A CALL:** Detachable design will help you deliver during the high season and be flexible when business goes back to normal. Add a winch and use it as a supporting recovery unit.
- **DO MORE:** Put the tag axle down and tow what others can't. Lift it up and save on fuel. Increase your revenues. Lower your costs. Quickly see the return on investment.
